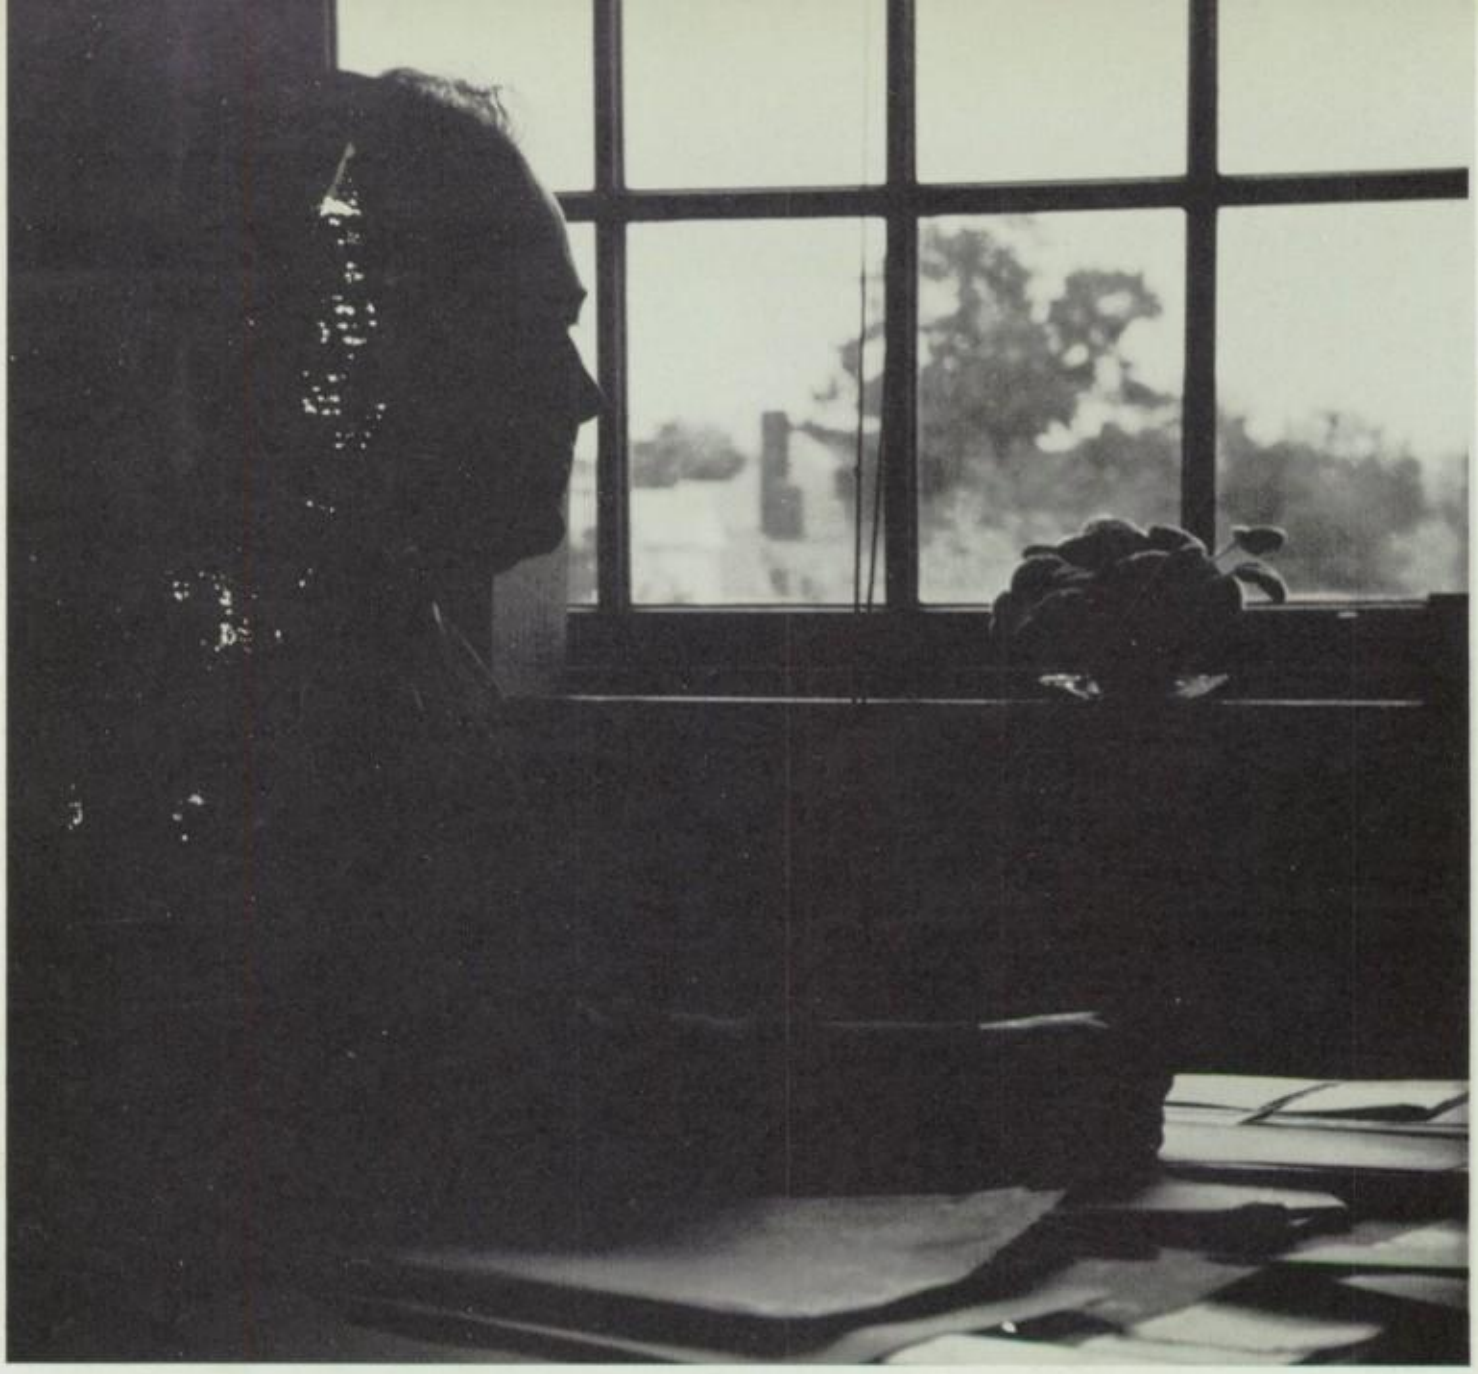
PROVIDENCE, RHODE ISLAND

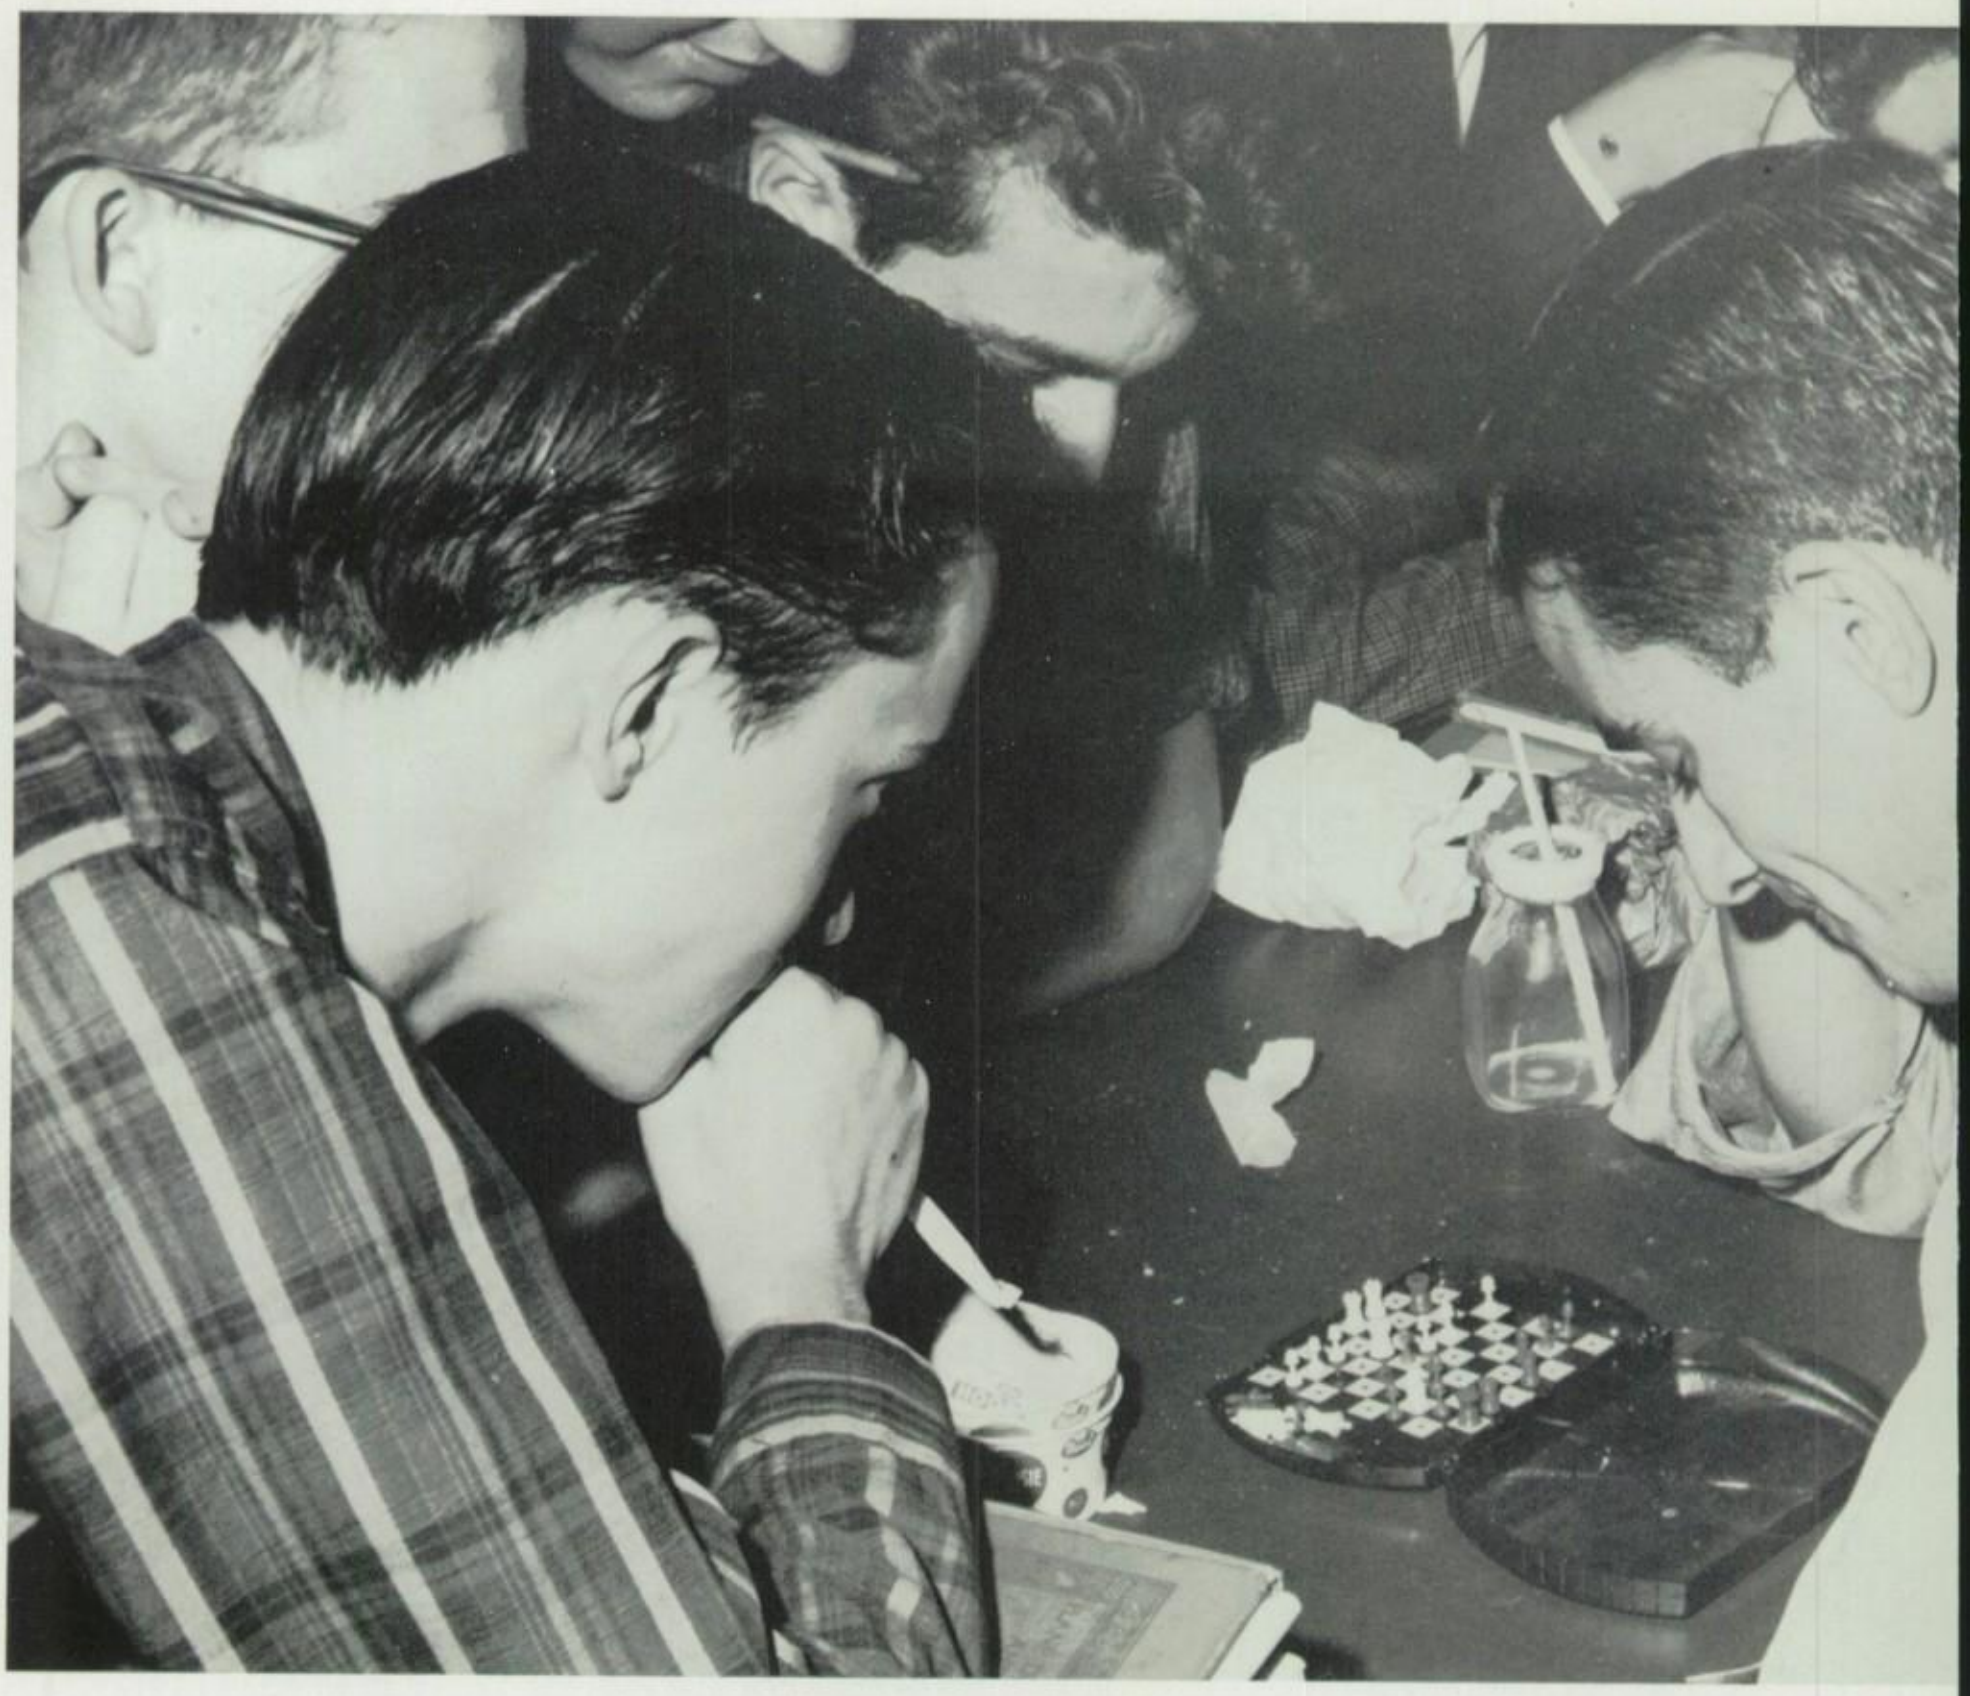


ASK

THE EAGER MIND REACHES
OUT . . . INTEREST BECOMES
A SEARCHLIGHT: UNCOVERING,
DISCOVERING THE HIDDEN PLACES WHERE
COGNITION DWELLS.
FANCY BECOMES FACT; HOPE
BECOMES REALITY
AND FINALLY, GLORIOUS
ENLIGHTENMENT, ENCOURAGED BY ASKING,
EMERGES.

SEEK

THE TEAM SEEKS
A GAP IN THE RIVAL'S DEFENSE,
FINDS IT, AND
A CHEER GOES UP.
THE STUDENT,
SEEKS A SOLUTION, DISCOVERS IT, AND
IN WRITING THE ANSWER FINDS PERSONAL
GRATIFICATION. SEEKING BREAKS
THE TRAIL FOR SUBSEQUENT VICTORIES
AND THE CRUXES ARE EXPLAINED.



KNOCK

IN THE FUTURE LOOMS
A VISION INCOMPREHENSIBLE.
THE VISION IS
CALLED DESTINY,
AND BELONGS TO EACH INDIVIDUAL.
BETWEEN THE TWO, HOWEVER, STANDS
A TRANSLUCENT DOOR. THE DOOR
IS CALLED ADOLESCENCE
AND WILL BE OPENED ONLY
WHEN MATURITY'S KNOCKING IS HEARD.

NOTHING
IS SO
DIFFICULT
BUT THAT
IT
MAY BE
FOUND OUT
BY SEEKING

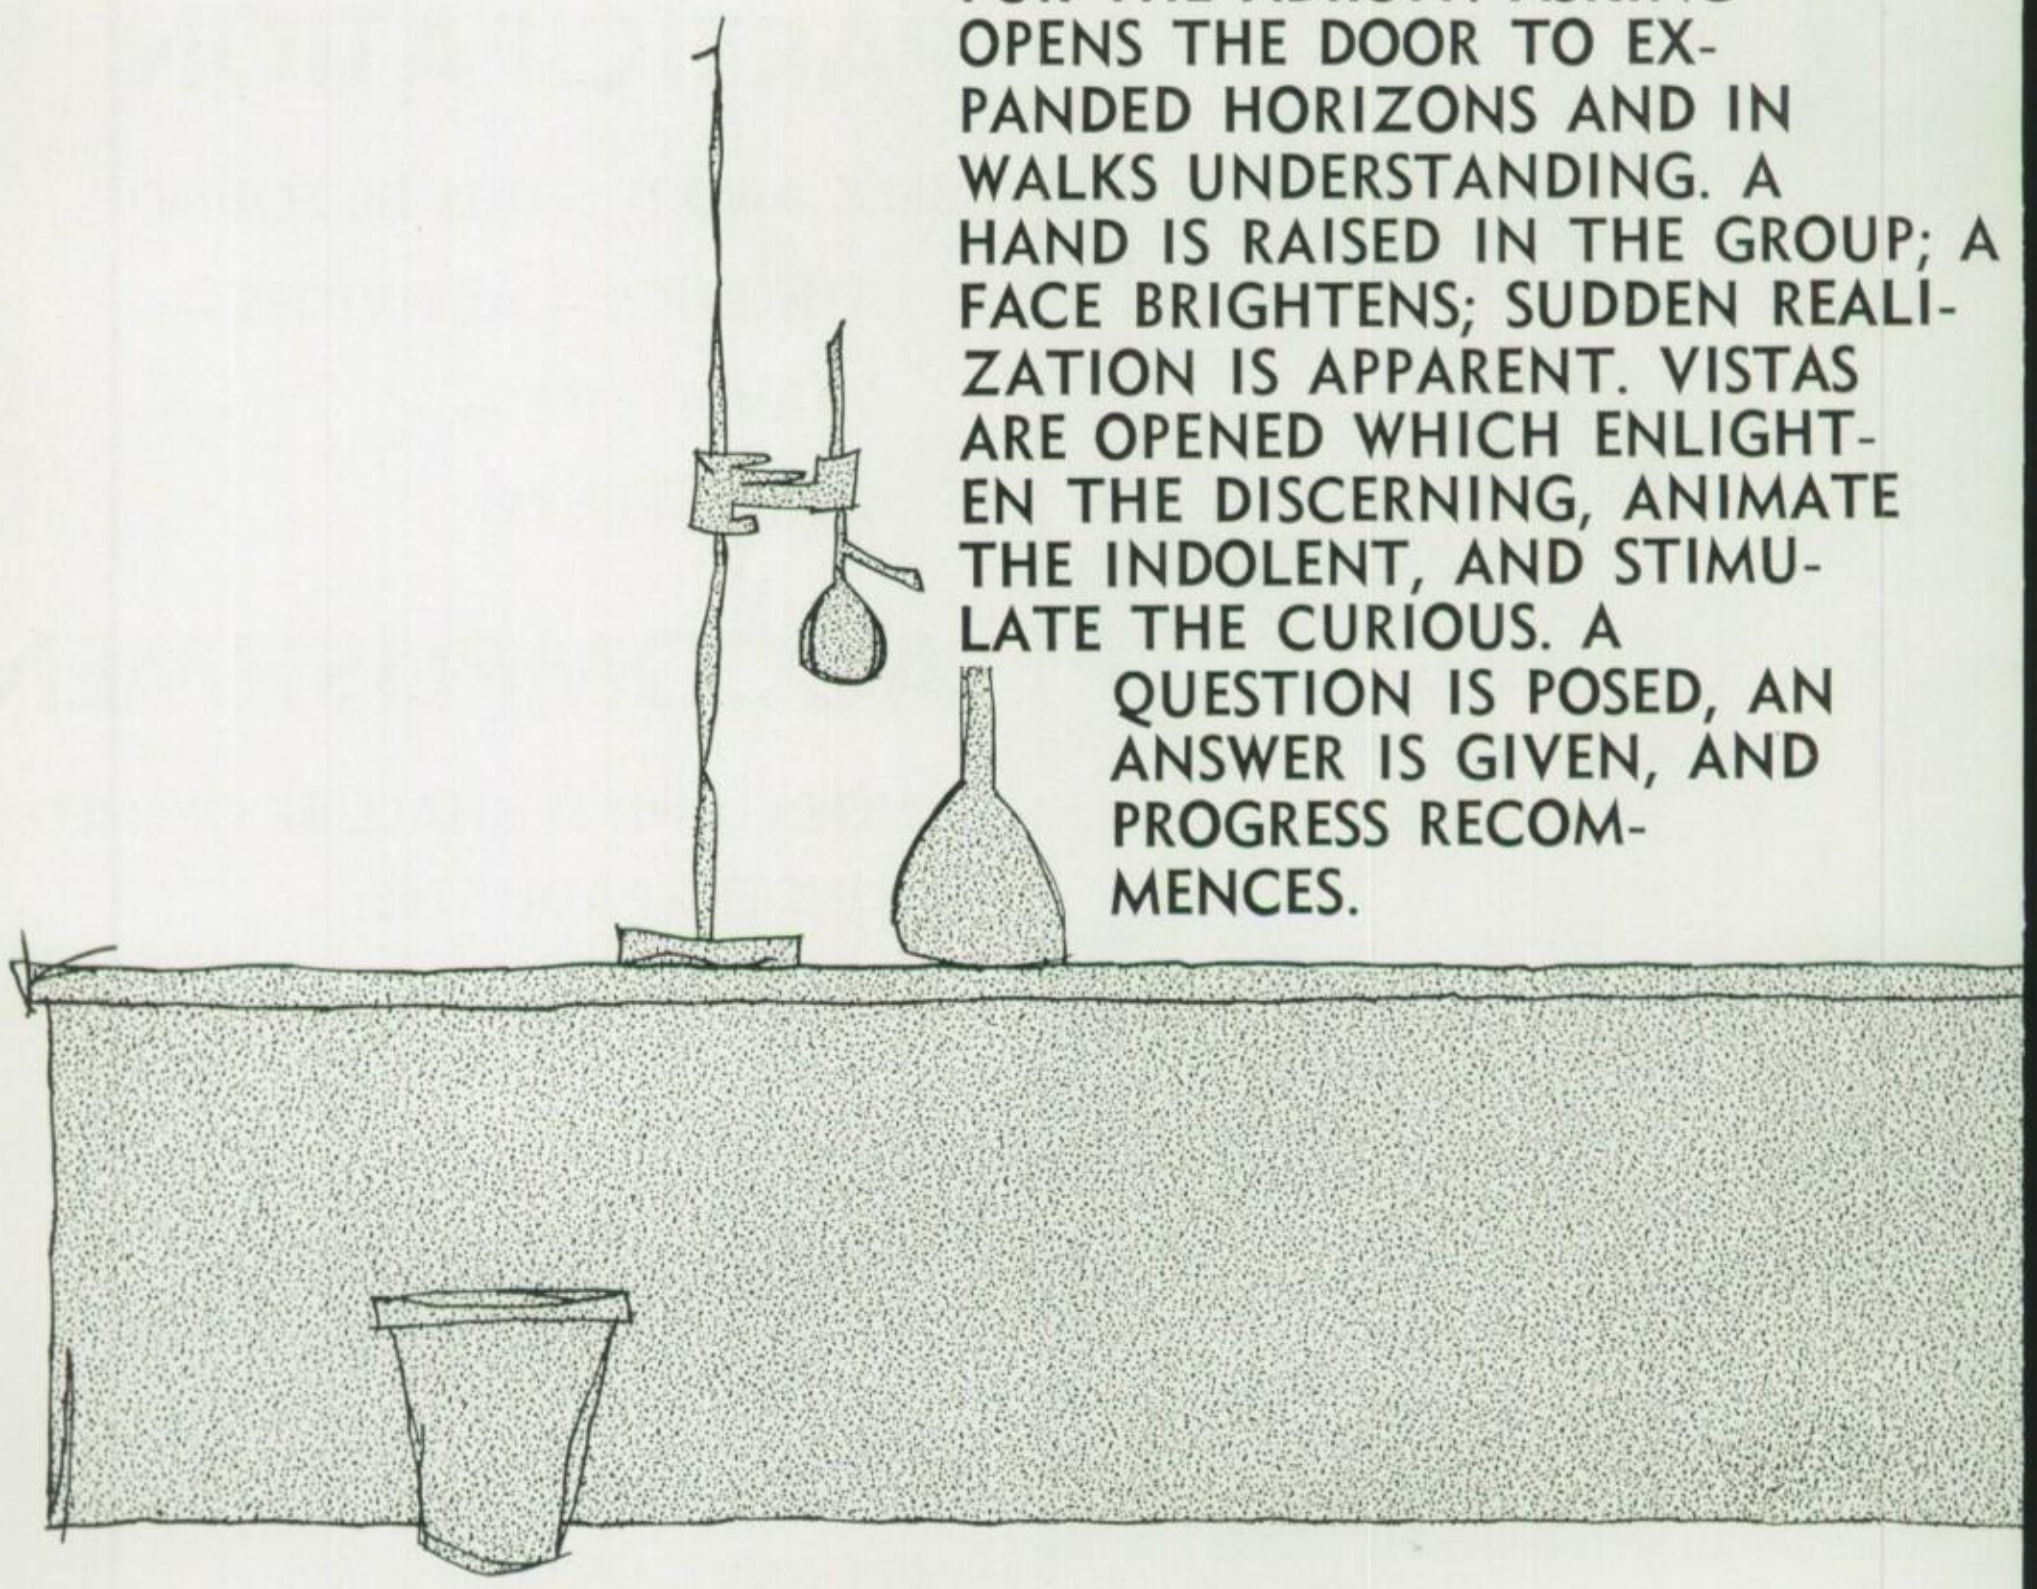
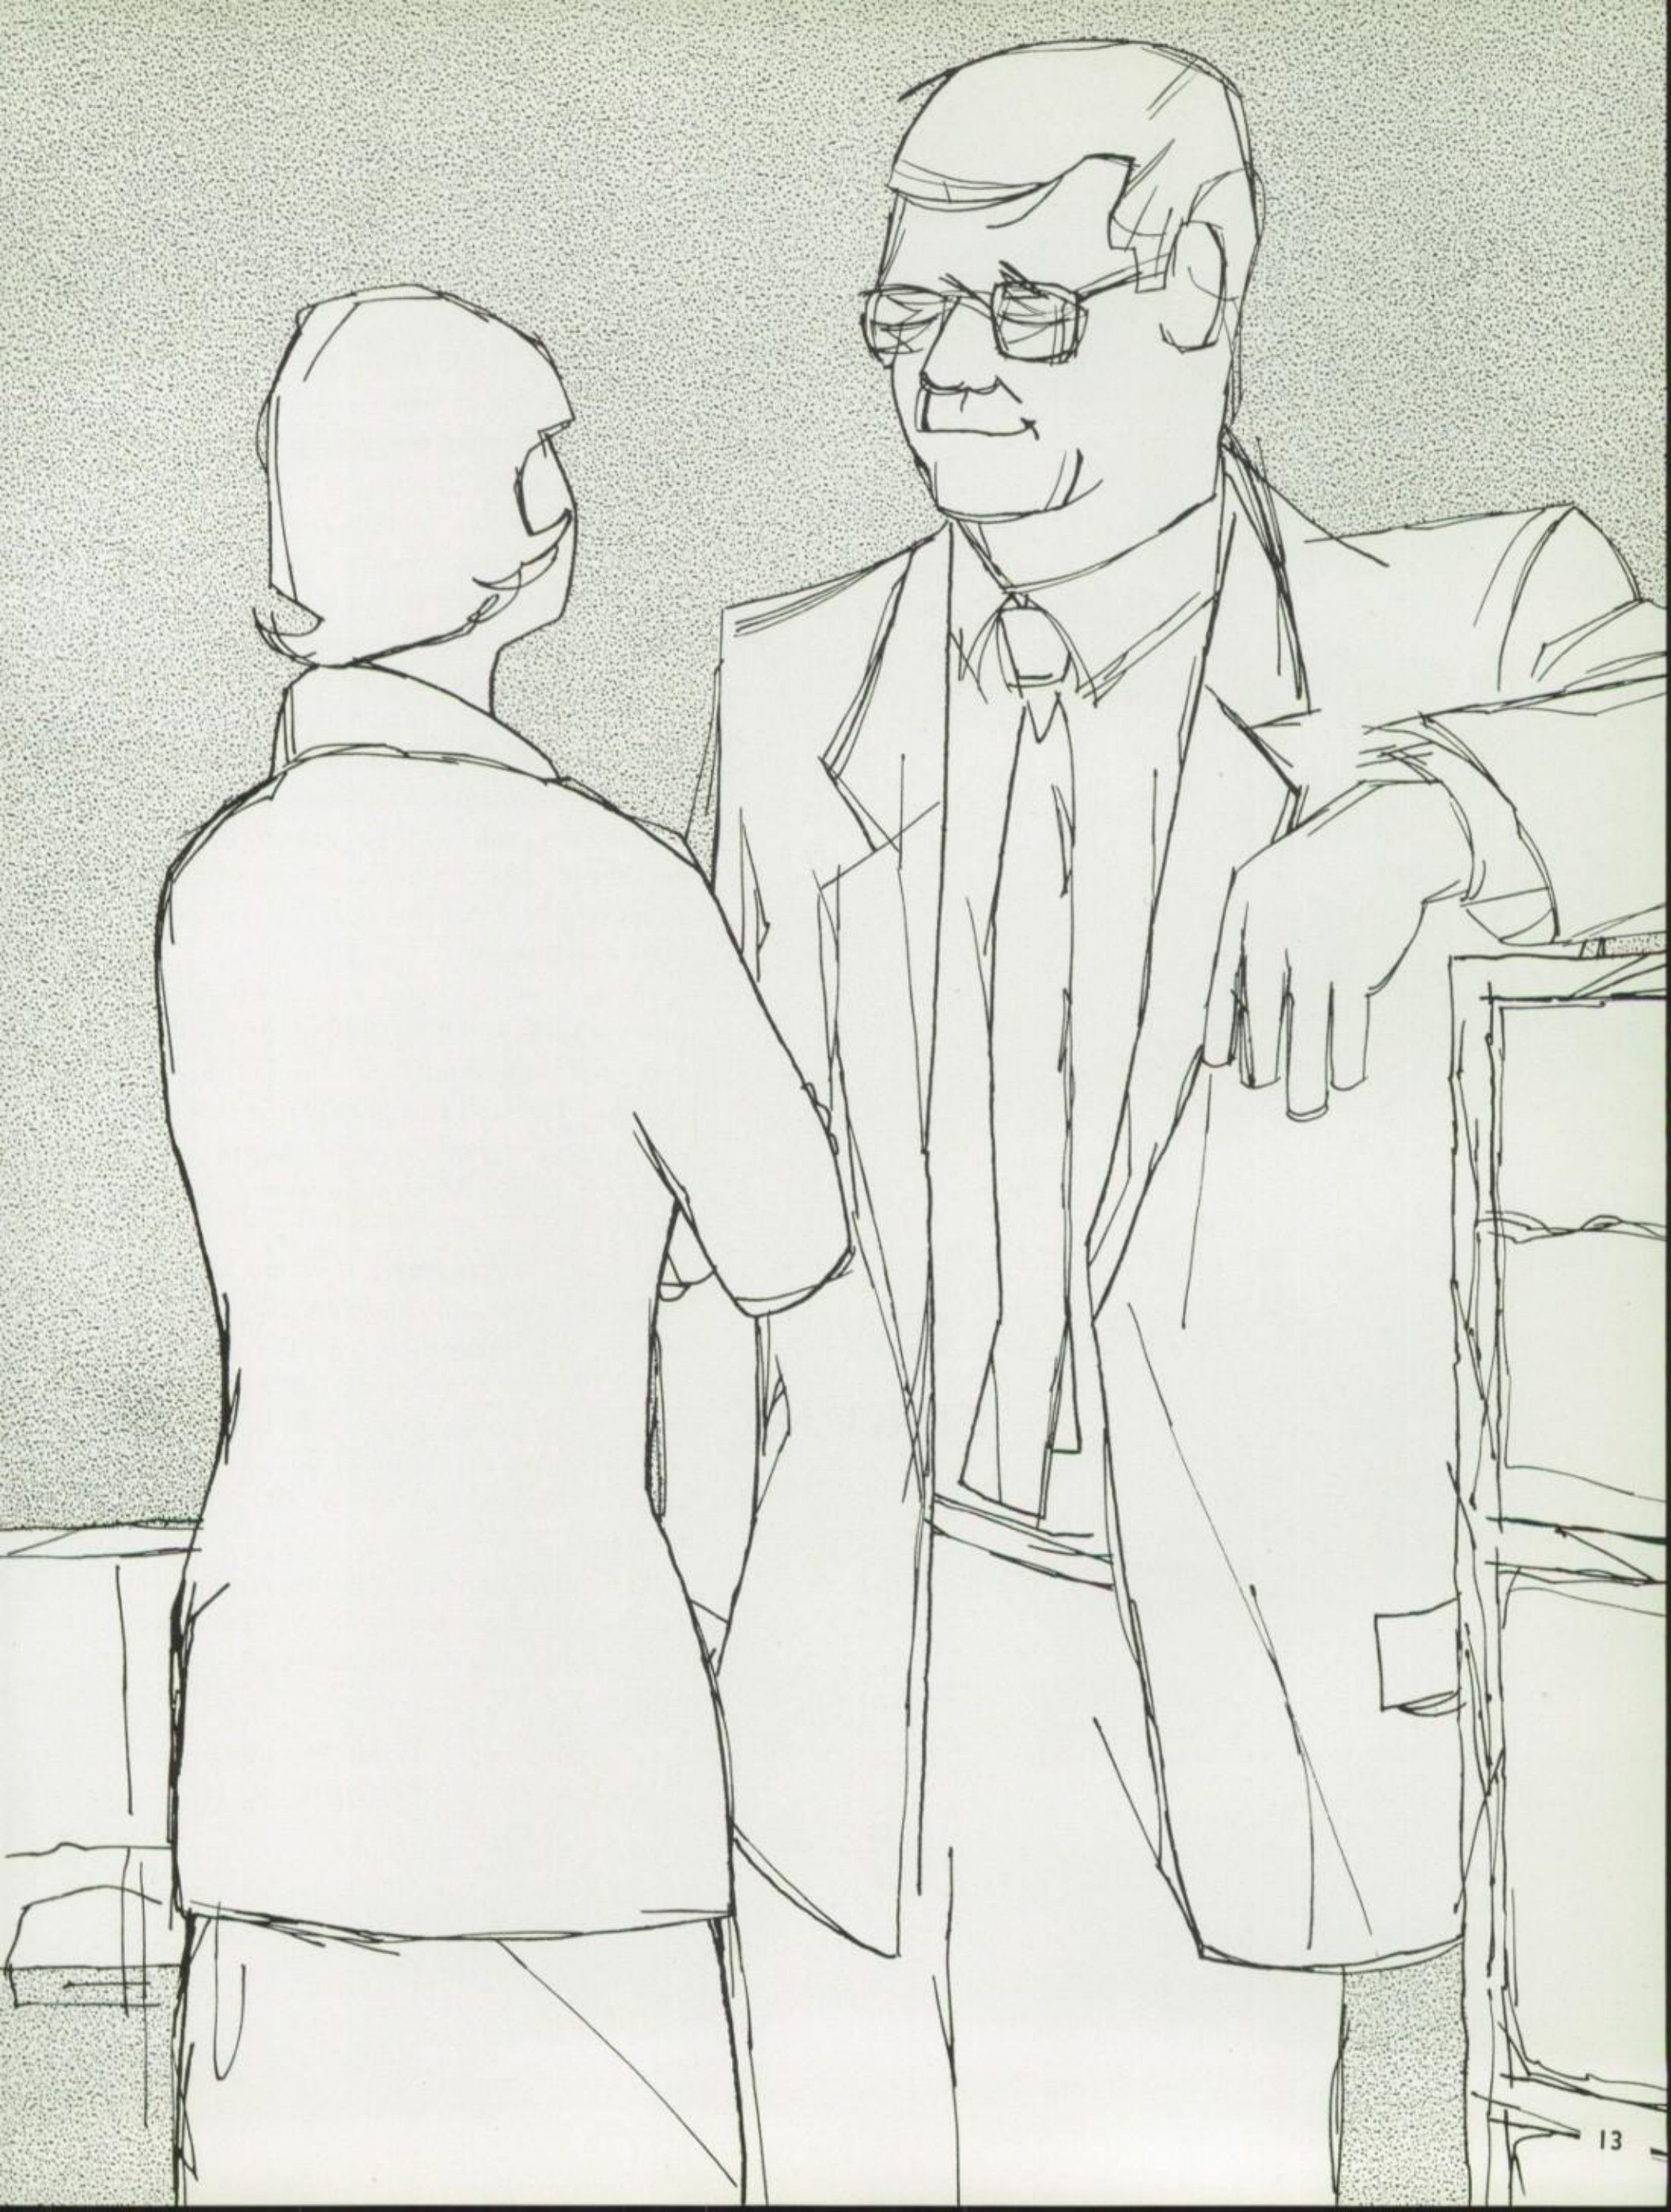
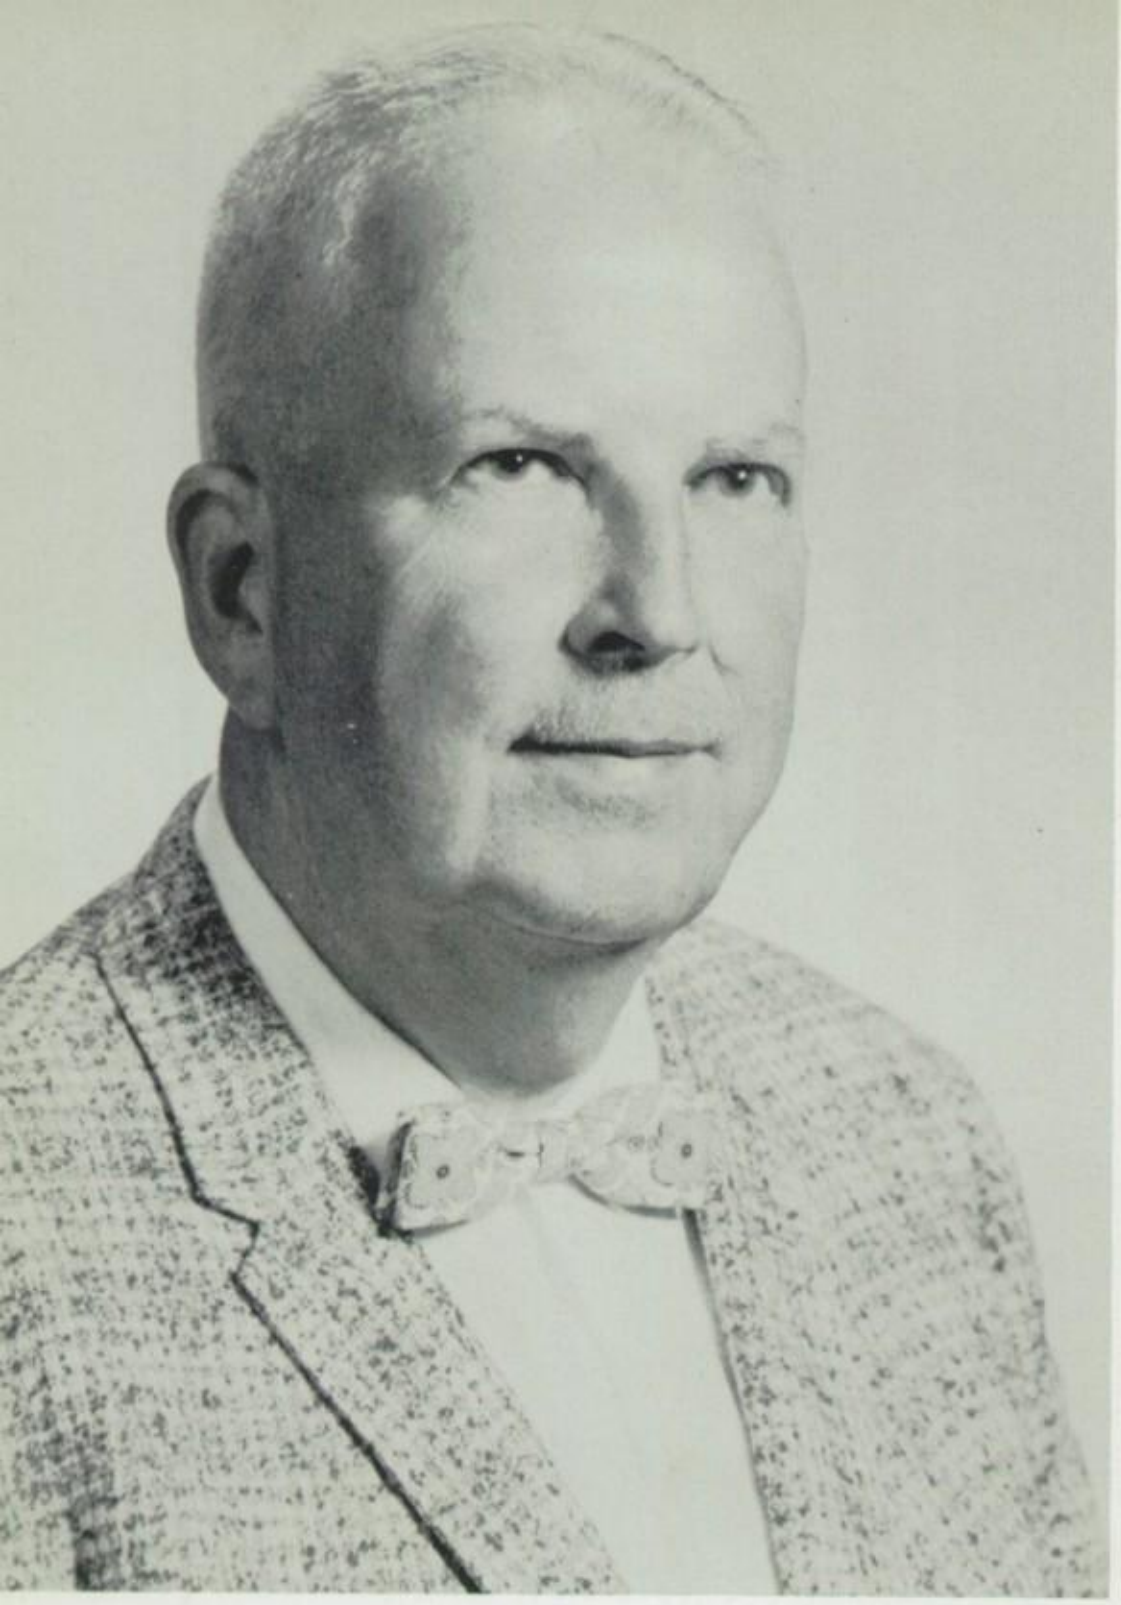
ASKING SHOWS INTEREST — THE BASIS OF KNOWLEDGE. THE INQUIRING MIND SOLVES THE PROBLEM, PROVES A SUPPOSITION. YOUTH ASKS AND IN HIS QUEST FOR WISDOM FINDS COMPETENT TEACHERS WHO PROVIDE ANSWERS FOR THE INQUIRER, ENCOURAGEMENT FOR THE FALTERING, CHALLENGES FOR THE ADROIT. ASKING OPENS THE DOOR TO EXPANDED HORIZONS AND IN WALKS UNDERSTANDING. A HAND IS RAISED IN THE GROUP; A FACE BRIGHTENS; SUDDEN REALIZATION IS APPARENT. VISTAS ARE OPENED WHICH ENLIGHTEN THE DISCERNING, ANIMATE THE INDOLENT, AND STIMULATE THE CURIOUS. A QUESTION IS POSED, AN ANSWER IS GIVEN, AND PROGRESS RECOMMENCES.







HOWARD G. LEWIS,

PRINCIPAL

In January, 1961, Hope High School was reaccredited as a comprehensive secondary school for another ten year period—recognized as a school measuring up to the highest of acceptable standards, not only by some 700 other secondary schools and colleges in New England but also by ten large regional accreditation associations throughout the United States. Every phase of our school organization was subjected to intense scrutiny by a 'team' of 30 visiting educators, in November, 1960, from various areas of New England. Our teaching methods and our school philosophy were approved and praised; our entire program of studies was highly commended.

As one of the more than 2000 students now enrolled in this school, yours is a privilege and opportunity not to be regarded lightly. The educational experience of *completing* high school is a permanent investment, of unparalleled significance, in your future.

In a few short years, millions and millions of American students, now in high school, will take their rightful places as voters, in the professions, in business, in industry, in public office. It is they who will determine the future of this country and whose influence will shape the future of mankind.

YOU must be ready and prepared to take up this challenge and to meet it intelligently in the best tradition of our American way of life.

Howard G. Lewis
Principal

JOSEPH P. DELANEY, ASSISTANT PRINCIPAL

For the major portion of your young lifetime you have been trodding the path of learning, a path on which some things came easily because they were presented to you and other things that came with difficulty because they came only as a direct result of long hours of research and study. Now you have reached a goal, both in life as well as in education, and with that goal you most certainly realize that the knowledge you sought and fought for was more highly prized and will be longer retained than the things that came easily. Realizing this places you in the category of the frontiersmen of old who set a bold example of self-reliance. It is the culmination of your education to date, and should properly be the motto for your lifetime. Seek the precious things, make them your very own, and you will be worthy of them. "Seek, and ye shall find."

Novels, plays, and poems of the masters are read so that the English language at its best may be understood.

Sentence structure, punctuation, syntax must be attained to conquer rhetoric.

Similes, metaphors, onomatopoeia and other figures of speech are used to embroider fundamental ideas.

Enunciation, pronunciation, and proper inflection assist in oral presentation of ideas.

The sum total of these efforts is better self expression and communication of ideas.

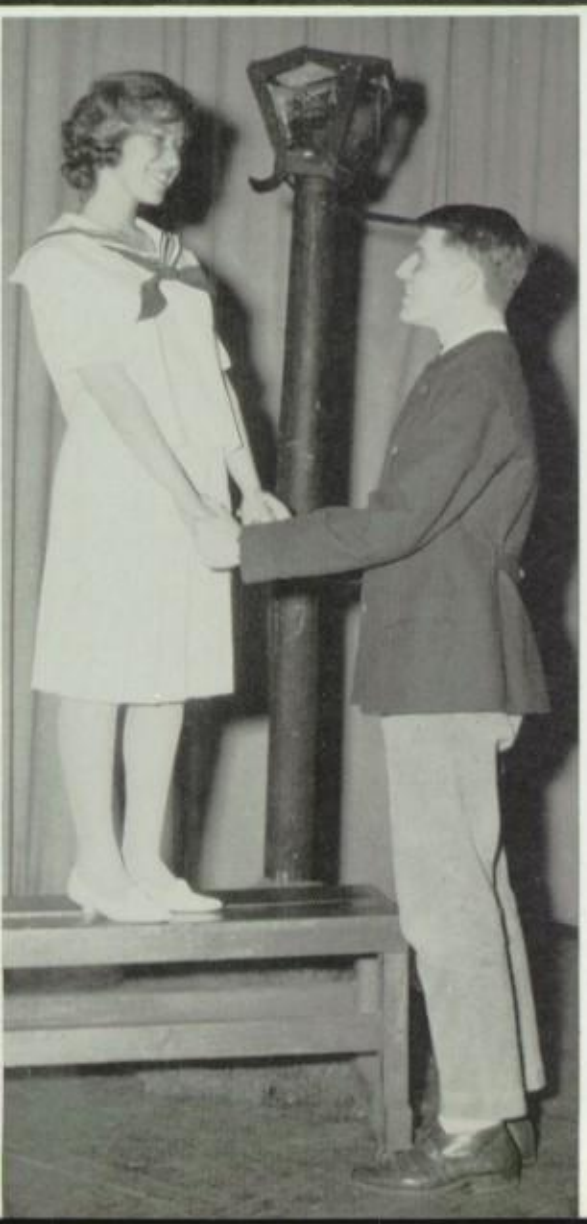
SALLY BENSON'S
'MEET ME IN ST. LOUIS'
DRAMATIZED . . . BY CHRISTOPHER SERGEL
PRESENTED BY CLASS OF JANUARY, 1962
DECEMBER 9th, 1961
PRODUCED AND DIRECTED BY MARIAN BROOKS STRAUSS
TECHNICAL ADVISOR: ROBERT G. GURNHAM

"Meet Me In St. Louis," Sally Benson's heart-warming story of the Smith family and the 1904 World's Fair was competently presented by the class of January 1962. Mr. and Mrs. Smith, *Robert Bonin* and *Pamela Cunihan*, and their five children, Rose, *Mary Leal*, Ester, *Lee-Ellen Alter*, Agnes, *Joanne Gerstenblatt*, Tootie, *Shelia Wilk*, and Lon, *Steve Cohen* together face the problems of growing up. The youngsters childish pranks caused Mr. Smith to lose his job with Mr. Dodge, *Jerry Peisach*. The sisters are angered when their brother, *Steve Stephanopoulos*, home from college, breaks a date with the sweet home town girl to date a selfish eastern glamour girl, who is visiting the town. The girls try valiantly to break up the romance, but the plan backfires. They wish they were a thousand miles away from St. Louis, and to their shock, Mr. Smith announces that the family will soon move to New York because of a better job prospect. Faced with the thought of really having to leave their home and boy friends, the sisters become involved in hilarious episodes which lead to their remaining in St. Louis.

'ONE FAMILY SINGS' BASED ON THE STORY OF THE TRAPP FAMILY SINGERS BY MARIA AUGUSTA TRAPP PRESENTED BY CLASS OF JUNE, 1962 MAY 12th, 1962 PRODUCED AND DIRECTED BY MARIAN BROOKS STRAUSS TECHNICAL ADVISOR: ROBERT G. GURNHAM



"One Family Sings," set in Salzburg, Austria, portrays the family life of Baron von Trapp, *Brian Gorman*, and the seven small von Trapps, including Werner, *Mitchell Riffkin;* Agathe, *Tena Marks;* Rupert, *Wayne Wunsch;* Johanna, *Elinor Caito;* Hedwig, *Andrea Licht;* Mitzi, *Nea Waterman;* and Martina, *Susan Miller*. Maria, the vivacious young postulate who falls hopelessly in love with the captain von Trapp, is played by *Paula Shore*. The Mother Abbess, *Ellen Rodman*, sends the prospective nun to be governess of the von Trapp family. Maria comes into the lives of the family bringing harmony back to the home, which has been run under military discipline since the death of the Baron's first wife. With her guitar and songs Maria enchants the father and the children. Princess Yvonne, *Judy Bens*, the fiancee of the Baron drifts out of the picture, overshadowed by the brilliance of Maria's charm. During the course of events, Agathe has a transient romance with Rudolf, *Henry Burt*, the telegram messenger who later saves the Austrian family from detection by the Nazi soldiers. The family is finally forced to emigrate from Austria because of the Nazi invasion, to find a new, free home—in America.

Athletic Director: Mr. Venditti

Opening the 1961-1962 season in the Round Robin, the Hope hockey team exhibited a valiant display of teamwork against a team consisting of last season's All Staters. Although the Blue Wave was defeated 2-0, the team showed a great deal of potential against the outstanding players of previous years. This potential was further exhibited when, in the opening game with Warwick, the Mullenmen outhustled and outskated the veteran studded sextet to a 3-0 victory. Outstanding performers in this game were Bob Gaudreau, Don Henson, and Paul Mori. In the second start of the season against cross-town rival LaSalle, although Hope fought all the way, the team was defeated 3-1. The spirit and drive shown in these first two games was displayed throughout the season. In the first half of the season, such formidable foes as Burillville, Mount St. Charles, Woonsocket, and East Providence offered little opposition to the Blue Wave. However, upon graduation, Hope lost two of its finest players in Bob Gaudreau who graduated as the top scorer in Rhode Island and Don Henson, topnotch goalie for the Mullenmen. Although greatly weakened by the loss of Henson and Gaudreau, the hockey team displayed the same skill and finesse which it had exhibited in the opening games. However, the Blue Icemen were not able to turn back an upset-minded Woonsocket or a powerful LaSalle. The Blue Wave also suffered defeat at the hands of a hustling Burrullville sextet, finishing the season in third place.

The defensive efforts of Bob Gaudreau, Dave Del Mastro, and Joe LaVoie proved to be a great asset to the hockey team along with the fine offensive attacks of Bob Gaudreau, Paul Mori, and John Davis. Roger Davis, Frank D'Orio, and Walter Duxbury also rendered invaluable assistance.

Row 2: Barras, J.; Sutton, G.; Correia, D.; Chernack, K.; Briden, W.; Girouard, J.; Cannon, J.; Franklin, H.
Row 3: Falk, W.—Coach; Barth, D.; Girouard, L.; Ackroyd, J.; Carpenter, J.; Bonin, R.; Ramsey, J.—Manager.

Although Hope's cross country team lost several of its finer runners through graduation, Coach Falk's harriers were still able to put on a good performance. Led by Harvey Franklin and Bob Bonin, the Blue Wave swept aside all opposition, winning every dual meet, and just being edged out in the State meet by cross-town rival, LaSalle. Special credit should be given to Harvey Franklin, who made record-breaking performances in all but two of his races this year. Following the All-Stater across the finish line were varsity runners Bill McConaghy, Jim Ackroyd, Sol Hartman, Bill Briden, Domingo Correia, Bob Bonin, Joe Barros, and Ken Chernack.

Coach Bill Falk is very optimistic about next year's season with the return of veterans Harvey Franklin, Bill McConaghy, Jim Ackroyd, Domingo Correia, and Sol Hartman. Mr. Falk also has high hopes for such promising newcomers as Alex Jiriw, and Martin Kenny.

Undefeated in dual meet competition and victorious in the Brown Interscholastics for the third time in four years, the Hope High outdoor track team once more turned back all opposition to retain the State title for the fourth consecutive year. Paced by leading scorers Lummer Jennings, Frank Nesbit, and John Warner, the Falkmen swept through all major meets, gathering laurels in the Class A. Relay Carnival, the Class A. Championship, and the University of Rhode Island Interscholastics. Also, in the Englewood Interscholastic track meet at New Jersey, a four man team, Lummer Jennings, Frank Nesbitt, John Warner, and Harvey Franklin, representing the Blue Wave was just edged out for first place honors by two and one half points.

Forming the nucleus of this year's team are All-Stater Harvey Franklin running the 880, Dick Harrall tossing the shot, Bob Kershaw, Cooper Winn, and Larry Girouard running the hurdles, Ron Sweatman pole vaulting, and Steve Aust throwing the javelin. Also returning to bolster the track team are Alan Litchman, Ben Johnson, Dick Maybray, Frank Geremia, and Phil Hughes. These fine athletes, combined with the unconquerable Hope spirit, insure another successful season for the Blue Wave.

INDOOR TRACK

The Hope Indoor Track Team began the season with a bang by downing defending champion Warwick and regaining its title in the Class A Relay Carnival. With John Warner and Dick Harrall throwing the shot, and John Clark and Harvey Franklin high jumping, the Blue Wave gained an early lead which it gradually lengthened as the running events progressed. The top performance of the day came when the medley relay team, consisting of Frank Geremia, Ben Johnson, Steve Brown, and Harvey Franklin, won by shattering the old medley record, held by LaSalle, by eight and three tenths seconds.

Thanks to outstanding performances turned in by Bob Kershaw, Cooper Winn, and Larry Girouard in the hurdles, Harvey Franklin and Sol Hartman in the 1000 yard run, and Ben Johnson, Dick Maybray, and Alan Litchman in the dashes, the Falkmen also retained the State championship and won the Brown Interscholastics for the fifth consecutive year.

BASKETBALL

After defeating Tolman, De LaSalle, Westerly, and Barrington decisively and just nipping an impressive Alumni by a 65-62 victory, the Blue Wave was surprised by a strong East Providence team which broke Hope's long skein of victories with a 62-58 upset.

On January 2, the Wave opened its regular season with Warwick. Led by big Al Lopes, the Blue Bombers romped to a 68-49 victory. Hendricken also fell at the hands of the hoopsters before Hope met a tough Rogers team. The Vikings, picked as the team to beat, led at the quarter 14-9 and held their lead until midway in the second quarter when Billy Lopes hit on a one-hander, giving Hope a 23-22 lead. It was a nip and tuck battle, but the Blue Wave finally pulled out a 62-57 victory thanks to the fine playing of Al Lopes, who scored 35 points, John Lynch, Bill McConaghy, Joey Cannon, and Fifi Holland.

The courtmen also rolled over Mount Pleasant, LaSalle, Cranston East, and Central before the loss of sharpshooter and rebounder Al Lopes and John Lynch through graduation. In its second meeting with the Hurricanes, although hampered by the absence of John Lynch and Al Lopes, Hope won an easy 64-47 victory. After defeating a stubborn Hendricken 69-68, the Hope Hoopsters were defeated by a powerful Rogers quintet 53-40. With the sharpshooting of Billy Lopes and Fifi Holland, and the playmaking of Bill McConaghy, Hope bounced back after this setback to pound Mount Pleasant 61-35. In the next meeting with LaSalle, despite Hope's valiant efforts which brought the game into a double overtime, LaSalle posted a 58-50 victory. The Blue Wave closed the season with victories over Cranston East and Central. In the quarter finals of the State play-offs, Hope was felled by a sharpshooting Central Falls quintet 81-77. Outstanding players this year were Al Lopes, John Lynch, Bill McConaghy, Joey Cannon, Billy Lopes, and Jim Ackroyd. Other players who aided the cause were Steve Applin, Vin Abbott, and Steve Macomber.

Under the direction and supervision of coach Paul Donovan, Hope's 1962 eagerly awaits the commencement of the Rhode Island Interscholastic baseball league.

This year's only returning veteran is last year's star pitcher, Russ Thomson, who led his team to victory after victory with his oustanding pitching ability.

Coach Donovan is proud of the effort put forth by the 1961 team and is confident that this year's team will be able to top last year's record of seven wins and seven losses.

FOOTBALL

This season, Hope's football team was dealt a serious blow by the many injuries sustained by its players. It came as a great loss when, early in the season, Frank Hardy, Hope's star quarterback, broke his finger and then injured his ankle. Also, towards the end of the season, Russ Thompson, another quarterback, wrenched his neck. This greatly curtailed the effectiveness of the team's offense in the Warwick game.

However, the future is bright for us Hopeites, and although the team will be lacking such fine players as Frank Hardy, Russ Thomson, John Lynch, Walt Snead, and Tony Milano, some topnotch performers such as Dick Maybray, Dennes Kenny, the Gaines boys, Mike Goodson, and Ed Peck will be returning to bolster the Hope squad next year. These players together with the fine coaching of Ed Mullen, and assistants Mike Sarkesian and Martin Moran insure success for the Blue Wave in the future.

FENCING

Although the Hope foilsmen fell at the blades of such formidable foes as Mount Pleasant and intercity rival Classical, their performance was much better on an individual basis. Under the able coaching of Mr. Edward McGunagle, the competitive spirit of such outstanding performers as Tony Rossi, Barry Shaw, Eugene Gomes, and Howard Davis prevailed. Returning next year to bolster Hope's fledgling bladesmen is Thurston Winston.

WRESTLING

This year's wrestling team ended the season in seventh place with a three and five record. East Providence, Central, and Moses Brown were all easy prey for the Hope grapplers. Although the team did well as a whole, there were also several top individuals. Outstanding for this year were Capt. Cliff Pona, Billy Hickey, and Louis Federici.

Wrestling coach Mr. Caprio holds high hopes for next season with returning veterans Louis Federici and Billy Hickey to lead the team on to victory.

GOLF

Hopes are high for the golf team of 1962. Although the team lost several of last year's golfers through graduation, it is beginning its new season fortified by returning veterans: Bill McConzghy, Paul Poirier, and Anthony Simone. Also, the golf team will have the opportunity to practice on a real golf course, the Middlebrook Country Club, which recently opened its facilities to the team. These factors along with Mr. James McCaughey's able coaching and the unbeatable Hope spirit, are sure to lead the golf team to a high position in the 1962 golf standings.

McConaghy, W.; Mr. McCaughey, Coach; Simone, A.

TENNIS

The 1962 edition of the tennis team should be a strong one, despite numerous graduation losses. Headlining this year's forces will be John Cardoza, an experienced veteran, Ed Shein, a veteran of the national circuit, Ron Lovana, a transfer from Cranston, and Ron Rappaport and Frank D'Orio, two promising juniors. They will be backed by Alan Goldfine, Aaron Sherman, Tony Rossi, and Alan Goldsmith, a spirited young sophomore. Under the fine tutoring of Coach Howie Goldsmith, this year's team should be a championship contender. Don Henson, 1960 all state, will assist Coach Goldsmith in '62.

MR. CURRAN

Our gratitude is offered to Mr. Richard Curran for his patient counsel, unfailing humor, and the sincere interest which he has shown in the functions of our class.

Problems have been numerous; his advice, reassuring. Doubts were limitless; his confidence in us, steadfast. With his aid, we have outlined our curriculum, successfully completed our courses, and formulated our future plans.

SEARCH FOR PEACE

by

Robert Bonin

Means determine ends. Means intrinsically different from the ends proposed achieve ends like themselves. A peace which is made possible by war promulgates a social organization with the potential of more war and violence. If a country's goals are peace and social justice, the means employed to attain these ends must be both just and pacific. History has molded this hypothesis into fact, not once, but many times. It happened in Rome, in France, in Greece, and in all countries which have won their land and respect with the death-dealing implements of war. In France, the precarious peace erupted into a bloody revolt. The social strata clashed violently. The middle class enlisted the aid of the proletariat in overthrowing the ruling elite. When this was accomplished, however, the hazy principles, which fomented the revolution were abandoned. The revolutionaries consolidated into a new ruling class and the process began to repeat itself. All this happened long ago, but the recriminations are still being felt. The problems of Rome and Greece are over now, and the French Revolution is history. But, the mark they left on mankind is still with us.

America is no exception to this rule that violence begets violence. Born amidst the fury of its revolt from England, and weaned on the horror of the Civil War, there could be no question that America's peace would be ephemeral. Even after one hundred years, the problems over which the Civil War was fought still occasionally erupt into racial violence.

This problem exists not only within nations, but between nations, also. The various disputes between nations exploded into World War I, and the so-called peace which existed after the war gave birth to violence. This was manifested in World War II. Following that, once more the illusion of peace fell over the land, but briefly. Korea was the first victim of this uneasy peace, then Suez, and now the threatening Berlin situation.

But, now the problem is of a different nature. Ask anyone who was in Hiroshima what the next war will be like. Ask some crippled citizen of Japan who lies moribund with radiation poisoning. Ask some young mother whose hair fell from her head in tufts, and whose children were born horribly deformed. These people know the terror of nuclear war, and the bomb that wrought their suffering is far less deadly than the bomb of today. We have advanced from the atom bomb to the hydrogen bomb, with even more powerful weapons on the way. Right now, the United States has in its stockpile bombs and weapons which are equivalent to six tons of T.N.T. for everyone on earth. The next war will be a total war. Any sane person will realize that this is morally wrong. No dispute can be so great as to necessitate the obliteration of mankind.

Somewhere, there is a solution that will lead to world peace, but it will take something infinitesimally more powerful than a hydrogen bomb to unlock it. It will take a profound belief in God and the ultimate significance of mankind. The means for attaining this peace must be, themselves, pacific. Although, the process of compromise and deliberation will be time-consuming and tedious, the fruit of this bargaining should be peace which is long-lasting and unhampered by the potential of more war.

FICTION THAT MISREPRESENTS LIFE

by
Audrey Goldis

While watching a typical, modern movie, which is frequently derived from a contemporary novel, I am almost always struck by the fact that the characters that are portrayed are not complete representations of life and people as they are. The main personages are ordinarily pleasure-seeking and irresponsible, yet they give the audience the impression of being ideally situated in life. They are carefree, do exactly what they wish to do, and, for the most part, do not care about accepted standards of behavior. This sort of existence is what is being glorified in the majority of motion pictures today.

Although entertaining, a moving picture of this type might be very disillusioning, especially to young people. On the screen, we see a beautiful villa in Italy which is owned by a millionaire's son who has done nothing to earn it himself. He has everything material that he could possibly want; he is gay, romantic, and very handsome. Yet, if he were put on his own, how successful would he be?

Most motion pictures convey the idea that the world owes everything to its characters. However, life is responsibility, and to be living means that one must contribute one's share toward the betterment of mankind. The world owes us nothing; we owe it everything. True happiness is only the result of hard work, something which is worked for is twice as valuable as something which is given to us.

One of the essays of Addison and Steele is devoted to the problem of idleness. It seems that the sons of wealthy and prominent men were not expected to work at all. Their lives were aimless. They had only to dress in the height of fashion, go for walks in the park, and go to the coffee houses at night. The author of this essay noted what a waste of talent this was. It was certainly a pointless existence in those days to be the son of a dignitary. I am sure that these sons of wealthy men were not happy; indeed, they must have been extremely bored. In the same manner, if a person were actually to live in the manner depicted in the movies, he would be tired of life in no time. To live in idleness is to poison the human mind; to have no responsibility is to have no purpose.

Responsibility includes three divisions: one's duty toward one's family, one's work, and oneself. Everyone should bring honor to his parents as much as possible. We should respect and trust them, because they are older and wiser than we. All of us must also be devoted to our jobs, whether they be in the world of business or school. Responsibility toward our jobs and our families is included under our greatest responsibility—our duty toward ourselves. Always, we must be trustworthy and honest, especially with ourselves.

Yet, the movies of today, though, do not reflect this concept at all. In them one finds that the less accountable a person is for his obligations, the more wonderful he becomes. This is not living; this is merely existing, for no matter how rosy the movies try to make this sort of life appear, it is not a happy life at all. It is an unrealistic life, indeed, a misrepresentation of life.

MR. WEISS

We express our sincere appreciation to Mr. Leo Weiss for his unfaltering faith in us. Without his continued guidance our past achievements would not have been so easily accomplished; our present positions would not have been attained; our aspirations for the future would never reach fulfillment.

He has pointed out our weaknesses and encouraged the development of our strengths. He has advised, not led. We will long remember him, for the pathways we seek in the future will be the results of his influence.

ANTHONY MEDAL ESSAY WINNERS

THE KIND OF PARENT I WANT TO BE

by

Sally L. Rostron

The immediate realization of what the future is to hold in store for us seems but a massive network of anticipation circulating about our world of youth and its ambitions. We as seniors are on the threshold of emerging from young adulthood to maturity, and the transition is both a challenge and a conquest. The responsibilities, experiences, and relationships to be encountered in our future years will be the foundation for our offspring and generations to follow. Such a responsibility is that of parenthood—a warm, gentle, and human relationship between parent and child—protector and protected.

Although parenthood is a unique blessing in that no one experiences the exact same feeling or response, it becomes universal in the bond of love which holds in it the prospect of the future.

Who can explain it? Who can tell you the emotion felt as a mother cradles in her arms her newborn; and who can relate the wealth of love manifested on the face of a father as he sees his child for the first time? It is a delicate creature, a product of love nurtured in kindness, that is destined to live among men.

I too am on the threshold of maturity, and I stand on the brink of responsibilities, experiences, and relationships. I am among the masters of youth's ambitions.

If it be God's will, I too will one day cradle in my arms my own child; yet, before I may do this, I must accept the responsibility that comes with the realization of parenthood, and decide the kind of parent I want to be.

First, as a mother I must be protective. My child, in its infancy, will be but a seedling to flourish into full bloom. No harm must come to it, for the infant is delicate and easily marred—and he is mine. I will fight for it in the moments of weakness. I shall feed my child so that it may grow and not wither, live to maturity and not die in the bud.

I must teach my child. He must be carefully taught, for his mind is impressionable and must be nurtured with the utmost caution and care. His small mind is but a tablet; each new lesson, a commandment to be remembered and to be learned. His tender years are filled with something new each day—something that will enrich his life, and in doing so, enrich mine. I must teach my child faith, faith in his parents and his fellow man. It is only in his inward acceptance of the will of God that he may be able to live from day to day. I must also teach my child hope—teach him that walking in hope will always bring a lighted pathway for him to follow all through his life—a pathway of love, happiness, and good living.

My most cherished hope is that I may be a loving parent, unselfish and devoted to my child, for it is only through love that all of these lessons will be taught, only through love that he will develop properly. He is but the clay to be molded, I, the sculptor, and love the tool with which he will be formed, his future determined.

BELIEFS AMERICANS SHOULD LIVE BY

by Anthony Rossi

The American system of representative democracy was, and still is, the most perfect governmental system derived for large countries. It is up to the American people to nourish our democratic principles and defend them from radical elements. While Americans as a whole must defend their beliefs, the individual must not become lax in the use of his principles. For without the individual our democratic system will perish from the earth.

The framers of the constitution perceived the need of a check upon all three departments of government. This system is still the most valuable guarantee to the American people that no person, body, or alien state has the right to infringe upon our way of life. It is then for us to believe, that our government will not cease from being as long as Americans will fight for their beliefs.

The good American need not be a rich man, nor does he have to be popular. Good Americans are not limited to one social class. The good American need not be Christian, Moslem or Jew. There is no form, pattern, or mold into which an American must fit. The simple adherence to a few beliefs is the mark of a true, patriotic American. A good citizen need not brandish a banner, and denounce Communism from the tallest spire, but has only to remember the precept of equality, for equality is the basis of democracy. This small word, or the lack of it, is the reason for most national and international disagreements. Equality is the basic guarantee of the Constitution. Although guaranteed, equality is often never given. Lack of equality turns white men against black; small country against large; big company against little. Because too many people are afraid to treat others as equals, hate may often turn into animosity. We can see the effects of inequalities today in our own country and abroad.

It is then our job as good citizens and good Americans to try to end the basic inequalities of social rank, religion or color. We must stand steadfast against the forces which would infringe upon our sacred privilege of equality.

If every American would look less belligerently and more benevolently upon his neighbors, there would be less chance of hostility flaring up. When people become tolerant of other people, social organizations and religious affiliations, then and only then will we have made our first great stride toward the betterment of mankind. It is up to the American to cling with fervor to the belief that all men are created equal in the eyes of God and country. If our hold is tenacious, we will be rewarded with the fruits of democracy.

When you graduate it's wonderful to have a telephone job waiting for you. You'll love the friendly new people you meet. And you'll like the excellent salary, the regular increases, the opportunities for advancement and the many additional benefits that make working for the Telephone Company so attractive to so many young people.

Telephone jobs are important ones. We have our own training program which you can enter without any previous job experience.

Why not come and see our employment interviewer soon . . . before you graduate. Ask the Guidance Counselor at your school to tell you when and where to apply.

YES, SHE WRITES IT AND ALTERS IT
OVER AND OVER AND OVER AGAIN.
HER HEART JUMPS A BEAT WHEN
WHAT-SHOULD-HAVE-BEEN
SEIZES HER AND SHE THROWS THE PAPER
INTO THE AIR
AND CRIES IN BACCHANAL ECSTASY
AND WHAT COMES OUT IS
DELICIOUS . . .

IT IS A
PROFOUND
MISTAKE TO
THINK THAT
EVERYTHING HAS
BEEN DISCOVERED;
AS WELL THINK
THE HORIZON
THE BOUNDARY
OF THE
WORLD.
